FORWARD LOOKING STATEMENTS

Certain statements made in this Annual Report on Form 10-K are "forward-looking statements" (within the meaning of the Private Securities Litigation Reform Act of 1995) regarding the plans and objectives of management for future operations. Such statements involve known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements of ZZLL Information Technology, Inc. (the "Company") to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. The forward-looking statements included herein are based on current expectations that involve numerous risks and uncertainties. The Company's plans and objectives are based, in part, on assumptions involving the continued expansion of business. Assumptions relating to the foregoing involve judgments with respect to, among other things, future economic, competitive and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the Company. Although the Company believes its assumptions underlying the forward-looking statements are reasonable, any of the assumptions could prove inaccurate and, therefore, there can be no assurance the forward-looking statements included in this Report will prove to be accurate. In light of the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by the Company or any other person that the objectives and plans of the Company will be achieved.

PART I

As used throughout this Annual Report, the terms "ZZLL", "Company", "we", "us", "our" or "Registrant" refer to ZZLL Information Technology Inc. and its subsidiaries.

Item 1. Business

Background

ZZLL Information Technology, Inc. ("The Company") was incorporated under the laws of the State of Nevada on September 9, 2005, under the name of JML Holdings, Inc. The Company merged with Baoshinn International Express, Inc. ("BSIE") on March 31, 2006, by acquiring all of the issued and outstanding common stock of BSIE in a share exchange transaction. We issued 16,500,000 shares of our common stock in exchange for 100% of the issued and outstanding shares of BSIE common stock. The transaction was accounted for as a recapitalization of BSIE whereby BSIE is deemed to be the accounting acquirer and is deemed to have adopted our capital structure.

On June 17, 2015, Baoshinn Corporation had been amended to the name "Green Standard Technologies, Inc."

On May 27, 2016, the Company changed its name with the State of Nevada from Green Standard Technologies, Inc. to "ZZLL Information Technology, Inc."

On May 27, 2016, ZZLL Information Limited acquired 4,992,500 common shares of the Company through a private Common Stock Purchase Agreement for investment purposes in the ordinary course of business. The aggregate number and percentage of common shares of the Issuer beneficially owned by Mr. Wei Liang is 4,992,500 common shares, or approximately 26.662% of the 18,725,003 issued common shares.

On June 14, 2016, Wei Liang ("Mr. Liang") was appointed to serve as a member of the Board of Directors of ZZLL Information Technology, Inc.

On June 24, 2016, ZZLL Technology Limited acquired 4,895,000 common shares of the Company through a private Common Stock Purchase Agreement for investment purposes in the ordinary course of business. The aggregate number and percentage of common shares of the Issuer beneficially owned by Mr. Wei Zhu is 4,895,000 common shares, or approximately 26.142% of the 18,725,003 issued common shares.

On August 18, 2016, the Company through SAL entered into a Joint Venture Agreement (“JVA”) with Network Service Management Limited, a Hong Kong company (“NSML”) in the formation of Z-Line International E-Commerce Company Limited (“Z-Line”), a Hong Kong based e-Commerce company. The Company through SAL owned 55% of Z-Line that provides consumer-to-consumer, business-to-consumer and business-to-business-sales services via web portals.

On August 25, 2016 and September 20, 2016, the Company issued 6,696,500 common shares and 32,000,000 common shares to the officer respectively. The issuance with an aggregate of 38,696,500 common shares in lieu of \$193,483 compensation to the officer under an option resolved in 2013 to pay the officer by common stock in lieu of cash at a rate of \$0.005 per share.

On November 10 and December 1, 2016, the Company further issued 1,000,000 common shares and 15,400,000 common shares to the officer respectively. The issuance with an aggregate of 16,400,000 common shares were in lieu of \$82,000 in compensation due to the officer under an option resolved in 2013 to pay the officer by common stock in lieu of cash at a rate of \$0.005 per share.

Effective on October 5, 2017, the Company executed a reverse stock split pursuant to which fifty (50) shares of the Company’s Common Stock, par value \$0.0001 per share, issued and outstanding, was reclassified as and changed, into one (1) share of the Company’s outstanding Common Stock.

On October 13, 2017, the Company issued 15,753,500 common shares to the officer. The issuance of 15,753,500 common shares was in lieu of \$78,768 in compensation due to the officer under an option granted in 2013 to pay the officer by common stock in lieu of cash at a rate of \$0.005 per share.

On December 12, 2017 the Company issued 2,022,500 shares of units consisting of its common stock and a warrant (the “Units”). The units were issued to five shareholders at a rate of \$0.04 per Unit. The warrant exercise price is \$0.05 for one common share valid for a two years period after the subscription date. The total consideration for the issuance was \$80,900.

On January 31, 2018, the Company issued 475,000 units consisting of its common stock and a warrant (the “Units”) to two shareholders at a rate of \$0.04 per Unit. The warrant exercise price is \$0.05 for one common share and it is valid for a two years period after the subscription date. The total consideration for the issuance was \$19,000.

On March 23, 2018, the Company issued 550,000 units consisting of shares of its common stock and a warrant (the “Units”) to three shareholders at a rate of \$0.04 per Unit. The warrant exercise price is \$0.05 for one common share and it is valid for a two years period after the subscription date. The total consideration for the issuance was \$22,000.

Syndicore Asia Limited – Video Syndication and E-Commerce Company

Syndicore Asia Limited (“SAL”) is a wholly owned subsidiary of the Company formed under the laws of Hong Kong. SAL is an online media company that syndicates video in a cloud-based, multimedia conduit serving a growing, global community of content creators, news outlets and leading brands. SAL will be a provider of syndicated video media to news organizations in the Asia Pacific region. In addition, SAL plans to aggregate content from the Asia Pacific region and provide it to news organizations around the world.

On December 15, 2013, SAL entered into a Distribution Agreement (the “Distribution Agreement”) with SendtoNews Video, Inc., a British Columbia company (“STN”). Under the terms of the Distribution Agreement, SAL was granted an exclusive license to use, modify, edit, reproduce, distribute, feed, store, communicate, display, and transmit STN’s content in the Asia Pacific Territory (the “Content”). STN is the content provider for various worldwide sporting events. STN would also provide on-going assistance to SAL with regard to technical, administrative, and service-orientated issues relating to the delivery, utilization, transmission, storage and maintenance of the Content.

On January 20, 2014, SAL entered into a revised Distribution Agreement whereby STN has agreed to provide SAL transferrable rights for the use, reproduction, storage, display, and transmission of certain content subject to pre-approval in writing from STN. In addition, the revised Distribution Agreement includes changes to the revenue sharing terms, and adds a share of advertising revenue directly resulting from aggregated content by SAL within the territory.

SAL will strive to become a leading digital content provider for the Asia Pacific region, capitalizing on an explosively growing market with local, regional and national content that was previously unavailable in the area. This is a new and exciting market, and offers exciting opportunities for expansion and growth. There is no assurance, however, that SAL will be successful in its efforts.

On the other side of the distribution chain, we plan to create SAL's own proprietary news partnerships to provide guaranteed content distribution in return for a corresponding share of advertising revenues to a news industry looking to supplement their rapidly declining traditional ad revenue with viable "digital-age" revenue.

- Digital ad spending is on the rise. It is forecasted to expand from \$117.60 billion USD in 2013 to \$173.12 billion USD in 2017. (*Go-Globe.com*)
 - The increase in worldwide digital ad spending is led by the Asia-Pacific region and specifically China.
 - China is estimated to reach 33% of the world's total ad spending by 2017. (*Infographic*)
 - Branded video content reaches nearly half (46%) of all internet users. More than half of these people (54%) go on to click through to the brand's website (*Econsultancy*)
 - 80% of internet users recall watching a video ad on a website they visited in the past 30 days; 46% took some action after viewing the ad (*Online Publishers Association*)
 - Video promotion is over 6 times more effective than print and online (*b2bmarketing.net*)
 - Dr. James McQuivey of *Forrester Research* says a minute of video is worth 1.8 million words
 - 90% of information transmitted to the brain is visual, and visuals are processed 60,000X faster in the brain than text (*3M Corporation & Zetisco*)
- Management believes that SAL's customers will be willing to pay a "premium CPM" because:
- The ability to sponsor exclusive, highly sought-after short form video content
 - Deep, creative advertising opportunities – other than rudimentary logo/banner overlays and pre-roll
 - Premium positioning
 - Unprecedented transparency and near real-time performance metrics to evaluate their investment
 - Securing sponsorships with related enterprises
 - Stronger control over distribution to help target intended audience.

Other segments of the market are also benefiting. The high and rapidly increasing popularity of social media platforms such as Facebook, YouTube, and Twitter are expected to revolutionize the marketing strategies employed in areas such as the pharmaceuticals industry. There, in addition to marketing, an increasing number of pharma players have also begun leveraging these platforms to enhance consumer relationships and improve brand management, based on the market intelligence generated by monitoring and analyzing user-generated content. The ability to incorporate consumer feedback to develop new products is also expected to initiate a strategic shift in the operational model of pharma companies. Social media involvements are expected to increase product sales, especially those of OTC drugs, in the long term. Novartis for instance has already begun using YouTube and Facebook to enhance the sales for its OTC drugs such as Comtrex, Orofar and Bufferin. Johnson & Johnson, one of the first pharma giants to enter the social media space, has used online platforms for crisis management – when the company recalled its products (Tylenol and Benadryl tablets) it used social websites to apologize to consumers for irregularities in its manufacturing plant found during FDA inspection.

Syndicore Asia Limited is a wholly-owned subsidiary of the Company. Syndicore Asia Limited is also in the startup phase and is in the process of entering into arrangements and agreements to implement the current business plan. Syndicore Asia Limited is an online media company that syndicates video in a cloud-based, multimedia conduit serving a growing, global community of content creators, news outlets and leading brands. Syndicore Asia Limited will be a provider of syndicated video media to news organizations in the Asia Pacific region. In addition, Syndicore Asia Limited plans to aggregate content from the Asia Pacific region and provide it to news organizations around the world.

Syndicore Asia Limited is devoting its resources to establishing the new business, and its planned operations have not yet commenced. Accordingly, no revenues have been earned during the period from its inception on April 23, 2013 to December 31, 2017.

Green Standard Technologies Enterprises, Inc. (F/K/A Green Standard Technologies, Inc.)

On August 1, 2014 the Company formed Green Standard Technologies, Inc. ("GSTE") as a wholly owned incorporated under the laws of the state of Nevada. The Company's second line of business is carried on by this subsidiary.

During 2017, GSTE was inactive, no longer had a useful purpose, and provided no revenue to the Company. On Dec 29, 2017, for the best interest of the Company, the Board decided to eliminate all costs in connection with GSTE, agreed not to continue GSTE and closed down with immediate effect.

Z-Line International E-Commerce Company Limited – E-Commerce Company

Z-Line International E-Commerce Company Limited ("Z-Line") is a 55% owned subsidiary of the Company formed under the laws of Hong Kong and incorporated on August 17, 2016. Z-Line is a Hong Kong based e-Commerce company that provides consumer-to-consumer, business-to-consumer, and business-to-business-sales services via web portals.

Z-Line currently operates through the web portal www.zzll.win and has begun additional development, which will occur as the site evolves to increase its functionality, sales, service, support and product offerings. Z-line Mall currently carries daily necessities, cosmetic products and skin care products.

Hunan Syndicore Asia Limited – E-Commerce Company

On June 28, 2017, Hunan Syndicore Asia Limited ("HSAL"), a 100% owned subsidiary of Syndicore Asia Limited incorporated under the laws of PRC. HSAL is a Wholly Foreign-Owned Enterprise ("WFOE") in China, established in the National High-Tech Industrial Development Zone of Changsha, Hunan. HSAL is a PRC based e-Commerce company that will endeavor to develop its in E-Commerce, video content and video streaming capabilities. Additionally, HSAL has now launched *Hua Wen Mall* ("HWM") - its first online member retail website at hwt.zzll.win. HWM is a platform that allows businesses to sell their products and services to HWM's members through this business-to-business and business-to-consumer portal. All payments and processing will go through HWM, for which they will receive a transaction fee. The Mall will develop its own branded products, and is especially moving towards products which have smart functionality allowing the Company to capture a greater segment of the market with data and information analytics as social media becomes increasingly influential in the Chinese market.

Hua Wen Mall will also cooperate with ZZLL's existing Hong Kong platform, Z-Line Mall (www.zzll.win) to share members, customers and products.

According to eMarketer:

Ecommerce sales in China are expected to pass \$1.132 trillion in 2017, accounting for nearly half of the worldwide retail ecommerce sales.

China's ecommerce sales will account for 23.1% of all retail sales in China in 2017, however, this figure is expected to increase to 40.8% by 2021.

The popularity of shopping on a mobile phone is expected to continue with eMarketer predicting more than 75% of ecommerce sales – over \$1tn - will be transacted via a mobile device.

China is the world's largest ecommerce market with a significant lead on other markets including the US (\$450.81bn), UK (\$110.07bn) and Japan (\$95.33bn).

And according to Zenith's Mobile Advertising Forecasts 2017: The country with the highest number of smartphone users will be China, with 1.3 billion users, followed by India, with 530 million users. The US will be third, with 229million users. Chinese consumers moved more of their shopping online in 2017, sending e-retail sales past \$1 trillion for the first time in the world's leading e-commerce market.

With the highest number of smart phone users in the world, increasing penetration amongst the population and a growing trend towards smart apps, platforms and online shopping, the China market should allow HSAL multiple avenues of expansion within its existing business model.

Traditional models of E-Commerce are encompassing a larger amount of the Internet of Things and data analytics with smart technology and applications.

Comparison of the Years Ended December 31, 2017 and 2016

Revenues Composition and Sources of Revenue Growth

In the year ended December 31, 2017 (the "FY2017") and 2016 (the "Comparable Year"), we derived revenues of \$5,353 and \$Nil respectively, from our current business operations from HSAL.

We anticipate that we will continue to generate revenue from website business and operation.

Cost of Sale and Gross Profit

Cost of sales was \$2,865 for the FY2017 and \$Nil for the Comparable Year and gross profit was \$2,488 for the FY2017 and \$Nil for the Comparable Year.

General and Administrative Expenses

General and administrative expenses for the year ended December 31, 2017 were \$958,022 compared to \$242,070 for the year ended December 31, 2016. The change was mainly due to the increase of warrants expenses \$685,395 resulted by the issuance of 2,022,500 shares common stock with exercisable warrant.

Other Expenses (Income)

Other expenses (income) consists of management service income, interest income and interest expenses. Other income amount for \$3,348 is recorded for the FY2017, compared to \$Nil for the Comparable Year, and interest expenses amount for \$Nil is recorded for the FY2017, compared to \$199 for the Comparable Year.

Income Taxes

There were no income taxes recorded or paid during the year ended December 31, 2017 and 2016.

Foreign Currency translation

The foreign currency translation was negative \$388 for the year ended December 31, 2017 as compared to \$Nil for the year ended December 31, 2016.

Net (loss) Income

Our net loss attributable to the Group was \$924,556 for the year ended December 31, 2017, as compared to a net loss of \$235,737 for the year ended December 31, 2016. There was an attribution of loss to non-controlling interest of \$27,630 for the year ended December 31, 2017 as compared to \$6,532 for the year ended December 31, 2016.

Critical Accounting Policies

The U.S. Securities and Exchange Commission ("SEC") recently issued Financial Reporting Release No. 60, " *Cautionary Advice Regarding Disclosure About Critical Accounting Policies* " ("FRR 60"), suggesting companies provide additional disclosure and commentary on their most critical accounting policies. In FRR 60, the SEC defined the most critical accounting policies as the ones that are most important to the portrayal of a company's financial condition and operating results, and require management to make its most difficult and subjective judgments, often as a result of the need to make estimates of matters that are inherently uncertain. Based on this definition, our most critical accounting policies include: inventory valuation, which affects cost of sales and gross margin; policies for revenue recognition, allowance for doubtful accounts, and stock-based compensation. The methods, estimates and judgments we use in applying these most critical accounting policies have a significant impact on our results we report in our consolidated financial statements.

Impairment of Long-Lived Assets

We account for impairment of property, plant and equipment in accordance with FASB ASC 360. The carrying value of a long-lived asset is considered impaired when the anticipated undiscounted cash flow from such asset is separately identifiable and is less than its carrying value. In that event, a loss is recognized based on the amount by which the carrying value exceeds the fair market value of the long-lived asset. Fair market value is determined primarily using the anticipated cash flows discounted at a rate commensurate with the risk involved. Losses on long-lived assets to be disposed of are determined in a similar manner, except that fair market values are reduced for the cost to dispose. During the reporting years, there was no impairment loss incurred. Competitive pricing pressure and changes in interest rates, could materially and adversely affect our estimates of future net cash flows to be generated by our long-lived assets.

Liquidity and Capital Resources

Operating Activities Going Concern

We had a net loss of \$924,556 for the year ended December 31, 2017 and a net loss since inception on April 15, 2011 of \$2,013,340. The net loss for 2017 and 2016 were generated as a result of paying all necessary administrative expenses. On December 31, 2017 we had cash on hand of \$18,430. The accumulative loss has raised substantial doubt about our ability to continue as a going concern. These doubts were outlined in Note 3 to our independent auditor's report on our Consolidated Financial Statements for the year ended December 31, 2017. Although our Consolidated Financial Statements raise substantial doubt about our ability to continue as a going concern, they did not include any adjustments relating to recoverability and classification of recorded assets, or the amounts or classifications of liabilities that might be necessary in the event we cannot continue as a going concern. Certain of our shareholders have verbally agreed to provide financial support to us for losses we may incur in the future.

Net Cash Provided by Operating Activities

Net cash used in operating activities was \$293,537 for the year ended December 31, 2017 as compared to net cash used in operating activities of \$414,464 for the year ended December 31, 2016. The decrease in cash used during the year ended December 31, 2017 was mainly due to the changes of cash used in other payables and accrued liabilities, and with no cash flow effect on warrant liabilities.

Net Cash Provided by Investing Activities

Net cash used in investing activities was \$606 for the year ended December 31, 2017 as compared to net cash used in investing activities of \$Nil for the year ended December 31, 2016. The change was due to the purchase of equipment in the year 2017.

Net Cash Used for Financing Activities

For the year ended December 31, 2017 and 2016, there were no external financing activities except for the gross proceeds of \$159,667 and \$275,481 received from the issuance of 17,776,000 and 1,101,930 (55,096,500 shares retroactively restated to reflect 1-for-50 reverse stock split which was effective on Oct 5, 2017) shares of common stock, respectively. From time to time, related parties of the Company finance the working capital requirements for operations on a temporary basis. This financing is provided in the form of temporary loans to the Company. The net cash generated by related party's loan for the year ended December 31, 2017 and 2016 were \$69,479 and \$196,984, respectively. Furthermore, net cash generated by amount due from Network Service Management Limited ("NSML") was \$25,641 for the year ended December 31, 2017, the change was resulted by the paid up of \$25,641 (HKD200,000) capital in arrear for Z-Line International E-Commerce Company Limited.

The amounts due to related parties and director are interest-free loans. These loans are unsecured and have no fixed repayment terms.

Subsequent Events

On January 31, 2018, the Company issued 475,000 units consisting of its common stock and a warrant (the "Units") to two shareholders at a rate of \$0.04 per Unit. Item 8. Financial Statements and Supplementary Data

Attached hereto and filed as part of this Annual Report on Form 10-K are our Consolidated Financial Statements, beginning on page F-1.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

No.

Item 9A. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Principal Executive Officer and Principal Financial Officer, evaluated the effectiveness of our disclosure controls and procedures (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)) as of the end of the period covered by this Annual Report on Form 10-K. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. In addition, the design of disclosure controls and procedures must reflect the fact that there are resource constraints and that management is required to apply its judgment in evaluating the benefits of possible controls and procedures relative to their costs.

Based on our evaluation, our Principal Executive Officer and Principal Financial Officer, after considering the existence of material weaknesses identified, determined that our internal controls over disclosure controls and procedures were not effective as of December 31, 2017.

Management's Annual Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934, as amended. Our internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with U.S. generally accepted accounting principles.

Our internal control over financial reporting includes those policies and procedures that: (i) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of our assets, (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that our receipts and expenditures are being made only in accordance with the authorization of our management and directors, and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on our financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management, including our Principal Executive Officer and Principal Financial Officer, assessed the effectiveness of our internal control over financial reporting as of December 31, 2017. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control over Financial Reporting - Guidance for Smaller Public Companies. Based on that assessment, it was determined that our internal controls over financial reporting were not effective.

It should be noted that any system of controls, however well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of the system are met. In addition, the design of any control system is based in part upon certain assumptions about the likelihood of future events. Because of these and other inherent limitations of control system, there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

This annual report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to rules of the Securities and Exchange Commission that permit us to provide only management's report in this annual report.

We regularly review our system of internal control over financial reporting to ensure we maintain an effective internal control environment. There were no changes in our internal controls over financial reporting during the quarter ended December 31, 2017 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Changes in Internal Control over Financial Reporting

There have been no changes in the Company's internal control over financial reporting that occurred during the year ended December 31, 2017 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Item 9B. Other Information

None.

Significant Employees

As of December 31, 2017, we have 8 full time employee.

Family Relationships

There are no family relationships between any of our directors and executive officers. There have been no events under any bankruptcy act, no criminal proceedings and no judgments, orders or decrees material to the evaluation of the ability and integrity of any director or executive officer of the Company during the past five years.

Involvement in Certain Legal Proceedings

There have been no events under any bankruptcy act, no criminal proceedings and no judgments, orders or decrees material to the evaluation of the ability and integrity of any director or executive officer of the Company during the past five years.

Subsequent Events

See under the heading of "Subsequent Events" in the Management Discussion and Analysis section.

Compliance with Section 16(A) of The Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires our Directors and executive officers and persons who beneficially own more than ten percent of a registered class of our equity securities to file with the SEC initial reports of ownership and reports of change in ownership of common stock and other equity securities of the Company. Officers, Directors and greater than ten percent shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely upon a review of Forms 3 and 4 and amendments thereto furnished to us under Rule 16a-3(e) during the year ended December 31, 2017, Forms 5 and any amendments thereto furnished to us with respect to the year ended December 31, 2017, and the representations made by the reporting persons to us, we believe that during the year ended December 31, 2017, our executive officers and Directors and all persons who own more than ten percent of a registered class of our equity securities complied with all Section 16(a) filing requirements.

Code of Business Conduct and Ethics

Our board of directors adopted an informal Code of Business Conduct and Ethics that applies to, all our officers, directors, employees and agents. Certain provisions of the Code apply specifically to our president and secretary (being our principle executive officer, principle financial officer and principle accounting officer, controller), as well as persons performing similar functions. As adopted, our Code of Business Conduct and Ethics sets forth written standards that are designed to deter wrongdoing and to promote the following:

1. Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
2. Full, fair, accurate, timely, and understandable disclosure in reports and documents that we file with, or submit to, the Securities and Exchange Commission and in other public communications made by us;
3. Compliance with applicable governmental laws, rules and regulations;
4. The prompt internal reporting of violations of the Code of Business Conduct and Ethics to an appropriate person identified in our Code of Business Conduct and Ethics; and
5. Accountability for adherence to the Code of Business Conduct and Ethics.

Our Code of Business Conduct and Ethics requires, among other things, that all of our Company's senior officers commit to timely, accurate and consistent disclosure of information; that they maintain confidential information; and that they act with honesty and integrity.

In addition, our Code of Business Conduct and Ethics emphasizes that all employees, and particularly senior officers, have a responsibility for maintaining financial integrity within our Company, consistent with generally accepted accounting principles, and federal and state securities laws. Any senior officer who becomes aware of any incidents involving financial or accounting manipulation or other irregularities, whether by witnessing the incident or being told of it, must report it to our management.

We will provide a copy of our code of ethics without charge to any person that requests it. Any such request should be made in writing to the attention of Sean Webster, Chief Executive Officer, ZZLL Information Technology, Inc., Unit 1504, 15/F., Carnival Commercial Building, 18 Java Road, North Point, Hong Kong.

Committees of the Board of Directors

We do not presently have a separately designated standing audit committee, compensation committee, nominating committee, executive committee or any other committees of our Board of Directors. The functions of those committees are currently undertaken by our Board of Directors. Because we have only one Director, we believe that the creation of these committees, at this time, would be cumbersome and constitute more form over substance. X9

Audit Committee

We have not established a separately designated standing audit committee nor do we have an audit committee financial expert serving on our Board of Directors. However, the Company intends to establish a new audit committee of the Board of Directors that shall consist of independent Directors. The audit committee's duties will be to recommend to the Company's Board of Directors the engagement of an independent registered public accounting firm to audit the Company's financial statements and to review the Company's accounting and auditing principles. The audit committee will review the scope, timing and fees for the annual audit and the results of audit examinations performed by the internal auditors and independent registered public accounting firm, including their recommendations to improve the system of accounting and internal controls. The audit committee shall at all times be composed exclusively of Directors who are, in the opinion of the Company's Board of Directors, free from any relationship which would interfere with the exercise of independent judgment as a committee member and who possess an understanding of financial statements and generally accepted accounting principles.

Item 11. Executive Compensation

Report of Independent Registered Public Accounting Firm

To: The Board of Directors and Shareholders of ZLLL Information Technology, Inc.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of ZLLL Information Technology, Inc. and its subsidiaries (the "Company") as of December 31, 2017 and 2016, the related consolidated statements of operations, changes in shareholders' equity, and cash flows, for each of the two years in the period ended December 31, 2017, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2017 and 2016, and the consolidated results of its operations and its cash flows for each of the two years in the period ended December 31, 2017, in conformity with U.S. generally accepted accounting principles.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the consolidated financial statements, the Company has suffered recurring losses from operations and has a net capital deficiency that raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 3. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's consolidated financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audits provide a reasonable basis for our opinion.

/s/ Centurion ZD CPA Limited

We have served as the Company's auditor since 2007.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Stated in US Dollars)

NOTE 1. ORGANIZATION AND BASIS OF PRESENTATION

ZZLL Information Technology, Inc. ("The Company") was incorporated under the laws of the State of Nevada on September 9, 2005, under the name of JML Holdings, Inc. The Company merged with Baoshinn International Express, Inc. ("BSIE") on March 31, 2006, by acquiring all of the issued and outstanding common stock of BSIE in a share exchange transaction. We issued 16,500,000 shares of our common stock in exchange for 100% of the issued and outstanding shares of BSIE common stock. The transaction was accounted for as a recapitalization of BSIE whereby BSIE is deemed to be the accounting acquirer and is deemed to have adopted our capital structure.

On June 17, 2015, Baoshinn Corporation had been amended to the name "Green Standard Technologies, Inc."

On May 27, 2016, the Company changed its name with the State of Nevada from Green Standard Technologies, Inc. to "ZZLL Information Technology, Inc."

On May 27, 2016, ZZLL Information Limited acquired 4,992,500 common shares of the Company through a private Common Stock Purchase Agreement for investment purposes in the ordinary course of business. The aggregate number and percentage of common shares of the Issuer beneficially owned by Mr. Wei Liang is 4,992,500 common shares, or approximately 26.662% of the 18,725,003 issued common shares.

On June 14, 2016, Wei Liang ("Mr. Liang") was appointed to serve as a member of the Board of Directors of ZZLL Information Technology, Inc.

On June 24, 2016, ZZLL Technology Limited acquired 4,895,000 common shares of the Company through a private Common Stock Purchase Agreement for investment purposes in the ordinary course of business. The aggregate number and percentage of common shares of the Issuer beneficially owned by Mr. Wei Zhu is 4,895,000 common shares, or approximately 26.142% of the 18,725,003 issued common shares.

On August 18, 2016, the Company through SAL entered into a Joint Venture Agreement ("JVA") with Network Service Management Limited, a Hong Kong company ("NSML") in the formation of Z-Line International E-Commerce Company Limited ("Z-Line"), a Hong Kong based e-Commerce company. The Company through SAL owned 55% of Z-Line that provides consumer-to-consumer, business-to-consumer and business-to-business-sales services via web portals.

On August 25, 2016 and September 20, 2016, the Company issued 6,696,500 common shares and 32,000,000 common shares to the officer respectively. The issuance with an aggregate of 38,696,500 common shares in lieu of \$193,483 compensation to the officer under an option resolved in 2013 to pay the officer by common stock in lieu of cash at a rate of \$0.005 per share.

On November 10 and December 1, 2016, the Company further issued 1,000,000 common shares and 15,400,000 common shares to the officer respectively. The issuance with an aggregate of 16,400,000 common shares in lieu of \$82,000 compensation to the officer under an option resolved in 2013 to pay the officer by common stock in lieu of cash at a rate of \$0.005 per share.

Effective on October 5, 2017, the Company executed a reverse stock split pursuant to which fifty (50) shares of the Company's Common Stock, par value \$0.0001 per share, issued and outstanding, was reclassified as and changed, into one (1) share of the Company's outstanding Common Stock.

Syndicore Asia Limited will also be the exclusive Asian partner and distributor for SendtoNews.

SAL's exclusive distribution agreement with SendtoNews Video Incorporated ("STN") for the Asia Pacific region includes major markets such as Japan, China and India. SAL now has distribution rights of online content for some of the world's leading sports organizations with the same highlights, player interviews and other fan-interest content. SAL, being the exclusive provider in the Asia Pacific region for highly sought after content, offers deep market exposure with unprecedented efficiency and metrics-driven transparency. On the other side of the distribution chain, we will create SAL's own proprietary news partnerships to provide guaranteed content distribution in return for a corresponding share of advertising revenues to a News industry looking to supplement their rapidly declining traditional ad revenue with viable "digital-age" revenue.

NOTE 3. GOING CONCERN

The financial statements have been prepared in accordance with generally accepted principles in the United States applicable to a going concern, which contemplates the realization of assets and the satisfaction of liabilities and commitments in the normal course of business. As of December 31, 2017, the Company has accumulated deficits of \$2,751,744, generated a net loss of \$924,556 for the year ended December 31, 2017 and its current liabilities exceed its current assets resulting in negative working capital of \$833,512. In view of the matters described above, recoverability of a major portion of the recorded asset amounts and realization of the portion of current liabilities into revenue shown in the accompanying balance sheets are dependent upon continued operations of the Company, which in turn are dependent upon the Company's ability to raise additional financing and to succeed in its future operations. The Company may need additional cash resources to operate during the upcoming 12 months, and the continuation of the Company may be dependent upon the continuing financial support of investors, directors and/or shareholders of the Company. However, there is no assurance that equity or debt offerings will be successful in raising sufficient funds to assure the eventual profitability of the Company. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Management has taken the following steps to revise its operating and financial requirements, which it believes are sufficient to provide the Company with the ability to continue as a going concern. The Company is actively pursuing additional funding which would enhance capital employed and strategic partners which would increase revenue bases or reduce operation expenses. Management believes that the above actions will allow the Company to continue its operations throughout this fiscal year.

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation and consolidation

The accompanying consolidated financial statements of the Group have been prepared in accordance with generally accepted accounting principles in the United States of America.

On June 29, 2010, the Financial Accounting Standards Board (FASB) established the FASB Accounting Standards Codification (Codification) as the single source of authoritative US generally accepted accounting principles (GAAP) for all non-governmental entities. Rules and interpretive releases of the Securities and Exchange Commission (SEC) and also sources of authoritative US GAAP for SEC registrants. The Codification does not change US GAAP but takes previously issued FASB standards and other U.S. GAAP authoritative pronouncements, changes the way the standards are referred to, and includes them in specific topic areas. The adoption of the Codification did not have any impact on the Group's financial statements.

The consolidated financial statements are presented in US Dollars and include the accounts of the Group and its subsidiaries. All significant inter-company accounts and transactions have been eliminated in consolidation.

The following table depicts the identity of the subsidiaries:

Name of Subsidiary	Place of Incorporation	Attributable Equity Interest %	Registered Capital
Green Standard Technologies Enterprise, Inc. (1)	Nevada	100	USD 100
Syndicore Asia Limited (2)	Hong Kong	100	HKD 1
Z-Line International E-Commerce Limited (3)	Hong Kong	55	HKD 8,000,000
Hunan Syndicore Asia Limited	PRC	100	HKD 10,000,000

- Note: (1) Wholly owned subsidiary of ZZLL, discontinued as at Dec 29, 2017
(2) Wholly owned subsidiary of ZZLL
(3) 55% owned subsidiary of Syndicore Asia Limited
(4) Wholly owned subsidiary of Syndicore Asia Limited

The results of subsidiaries acquired or disposed of during the years are included in the consolidated income statement from the effective date of acquisition or up to the effective date of disposal.

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the dates of the financial statements, as well as the reported amounts of revenues and expenses during the reporting year. These accounts and estimates include, but are not limited to, the valuation of accounts receivable, deferred income taxes and the estimation on useful lives of plant and equipment. Actual results could differ from those estimates.

Concentrations of credit risk

Financial instruments that potentially subject the Group to significant concentrations of credit risk consist principally of accounts receivable. In respect of accounts receivable, the Group extends credit based on an evaluation of the customer's financial condition, generally without requiring collateral or other security. In order to minimize the credit risk, the management of the Group has delegated a team responsibility for determination of credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. Further, the Group reviews the recoverable amount of each individual trade debt at each balance sheet date to ensure that adequate impairment losses are made for irrecoverable amounts. In this regard, the directors of the Group consider that the Group's credit risk is significantly reduced.

Cash and cash equivalents

Cash and cash equivalents include all cash, deposits in banks and other highly liquid investments with initial maturities of three months or less.

Accounts receivable

Accounts receivable are stated at original amount less allowance made for doubtful receivables, if any, based on a review of all outstanding amounts at the year end. An allowance is also made when there is objective evidence that the Group will not be able to collect all amounts due according to original terms of receivables. Bad debts are written off when identified. The Group extends unsecured credit to customers in the normal course of business and believes all accounts receivable in excess of the allowances for doubtful receivables to be fully collectible. The Group does not accrue interest on trade accounts receivable. The Group has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis credit evaluations are preferred on all customers requiring credit over a certain amount. The Group had experienced the bad debts of \$nil and \$nil during the year ended December 31, 2017 and 2016 respectively.

Plant and equipment

Plant and equipment are stated at cost less accumulated depreciation. Cost represents the purchase price of the asset and other costs incurred to bring the asset into its existing use. Maintenance, repairs and betterments, including replacement of minor items, are charged to expense; major additions to physical properties are capitalized.

Depreciation of plant and equipment is provided using the straight-line method over their estimated useful lives at the following annual rates:

Furniture and fixtures	20% - 50%
Office equipment	20%

Property and equipment are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset. Assets to be disposed of are separately presented in the balance sheet and reported at the lower of the carrying amount or fair value less costs to sell, and are no longer depreciated.

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue recognition

The Group recognizes revenue when it is earned and realizable based on the following criteria: persuasive evidence that an arrangement exists, services have been rendered, the price is fixed or determinable and collectability is reasonably assured.

The Group also evaluates the presentation of revenue on a gross versus a net basis through application of Emerging Issues Task Force No. ("EITF") 99-19, *Reporting Revenue Gross as a Principal versus Net as an Agent*. The consensus of this literature is that the presentation of revenue as "the gross amount billed to a customer because it has earned revenue from the sale of goods or services or the net amount retained (that is, the amount billed to a customer less the amount paid to a supplier) because it has earned a commission or fee" is a matter of judgment that depends on the relevant facts and circumstances. In making an evaluation of this issue, some of the factors that should be considered are: whether the Group is the primary obligor in the arrangement (strong indicator); whether it has general inventory risk (before customer order is placed or upon customer return) (strong indicator); and whether we have latitude in establishing price. The guidance clearly indicates that the evaluations of these factors, which at times can be contradictory, are subject to significant judgment and subjectivity. If the conclusion drawn is that the Group performs as an agent or a broker without assuming the risks and rewards of ownership of goods, revenue should be reported on a net basis.

Advertising expenses

Advertising expenses are charged to expense as incurred. The advertising expenses incurred for the year ended December 31, 2017 and 2016 were \$Nil and \$Nil respectively.

Income Taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

The FASB issued Accounting Standard Codification Topic 740 (ASC 740) "Income Taxes". ASC 740 clarifies the accounting for uncertainty in tax positions. This requires that an entity recognized in the consolidated financial statements the impact of a tax position, if that position is more likely than not of being sustained upon examination, based on the technical merits of the position. The adoption of ASC 740 did not have any impact on the Group's results of operations or financial condition for the year ended 31 December, 2017. As of the date of the adoption of ASC 740, the Group has no material unrecognized tax benefit which would favorably affect the effective income tax rate in future periods. The Group has elected to classify interest and penalties related to unrecognized tax benefits, if and when required, as part of income tax expense in the consolidated statements of operations.

Comprehensive income

Other comprehensive income refers to revenues, expenses, gains and losses that under U.S. GAAP are included in comprehensive income but are excluded from net income as these amounts are recorded as a component of stockholders' equity. The Group's other comprehensive income represented foreign currency translation adjustments.

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Foreign currency translation

The functional currency of the Group is Hong Kong dollars ("HK\$"). The Group maintains its financial statements in the functional currency. Monetary assets and liabilities denominated in currencies other than the functional currency are translated into the functional currency at rates of exchange prevailing at the balance sheet dates. Transactions denominated in currencies other than the functional currency are translated into the functional currency at the exchanges rates prevailing at the dates of the transaction. In 2015, the exchange rate being use to translate amount in HK\$ is fixed at 7.8 to 1 for the purpose of preparing the consolidated financial statements which is derived from October 17, 1983 monetary policy from Hong Kong Monetary Authority where the Hong Kong dollar was pegged at a rate of 7.8 HK\$ = 1 US\$, through the currency board system with a limited floating range from 7.85 to 7.75. Exchange gains or losses arising from foreign currency transactions are included in the determination of net income for the respective periods.

For financial reporting purposes, the financial statements of the Group which are prepared using the functional currency have been translated into United States dollars. Assets and liabilities are translated at the exchange rates at the balance sheet dates and revenue and expenses are translated at the average exchange rates and stockholders' equity is translated at historical exchange rates. Any translation adjustments resulting are not included in determining net income but are included in foreign exchange adjustment to other comprehensive income, a component of stockholders' equity.

	<i>Year ended</i> <i>Dec 31, 2017</i>	<i>Year ended</i> <i>Dec 31, 2016</i>
Year ended HK\$: US\$ exchange rate	7.8	7.8
Average yearly HK\$: US\$ exchange rate	7.8	7.8
Year ended RMB : US\$ exchange rate	6.50271	6.95566
Average yearly RMB : US\$ exchange rate	6.71025	6.64330

Fair value of financial instruments

The carrying values of the Group's financial instruments, including cash and cash equivalents, trade and other receivables, deposits, trade and other payables approximate their fair values due to the short-term maturity of such instruments. The carrying amounts of borrowings approximate their fair values because the applicable interest rates approximate current market rates.

Stock-based Compensation

Share-based compensation including stock options and common stock awards issued to employees and directors for services and are accounted for in accordance with FASB ASC 718 "Compensation - Stock Compensation" and share-based compensation including warrants and common stock awards issued to consultants and nonemployees are accounted for in accordance with FASB ASC 505-50 "Equity-Based Payment to Non-employees". All grant of common stock awards and stock options/warrants to employees and directors are recognized in the financial statements based on their grant date fair values. Awards to consultants and nonemployees are recognized based upon their fair value as of the earlier of a commitment date or completion of services. The grant date(s) of all awards are determined under the guidance of ASC 718-10-25-5. The Company estimates fair value of common stock awards based the quoted price of the Company's common stock on the grant date. The fair value of stock options and warrants is determined using the appropriate option pricing model depends on the applicable of situation.

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basic and diluted earnings per share

The Group computes earnings per share ("EPS") in accordance with FASB Accounting Standard Codification Topic 260 (ASC 260) "Earnings Per Share", and SEC Staff Accounting Bulletin No. 98 ("SAB 98"). ASC 260 requires companies with complex capital structures to present basic and diluted EPS. Basic EPS is measured as the income or loss available to common shareholders divided by the weighted average common shares outstanding for the period. Diluted EPS is similar to basic EPS but presents the dilutive effect on a per share basis of potential common shares (e.g., convertible securities, options, and warrants) as if they had been converted at the beginning of the periods presented, or issuance date, if later. Potential common shares that have an anti-dilutive effect (i.e., those that increase income per share or decrease loss per share) are excluded from the calculation of diluted EPS.

The calculation of diluted weighted average common shares outstanding for the year ended December 31, 2017 is based on the estimate fair value of the Group's common stock during such periods applied to options using the treasury stock method to determine if they are dilutive.

Effective on October 5, 2017, each of fifty (50) shares of the Company's Common Stock, par value \$ 0.001 per share, issued and outstanding immediately prior to the Effective Time (the "Old Common Stock") shall automatically and without any action on the part of the holder thereof, be reclassified as and changed, pursuant, into one (1) share of the Company's outstanding Common Stock (the "New Common Stock").

The following tables are a reconciliation of the weighted average shares used in the computation of basic and diluted earnings per share for the periods presented:

<i>For the Year ended December 31,</i>	<i>2017</i>	<i>2016</i>
Numerator for basic and diluted earnings per share:	\$	\$
Net (loss)/income	(924,556)	(235,737)
Denominator:		
Basic weighted average shares	5,040,092	630,761
Effect of dilutive securities	-	-
Diluted weighted average shares	5,040,092	630,761
Basic earnings per share:	(18.34 cents)	(37.37 cents)
Diluted earnings per share:	(18.34 cents)	(37.37 cents)

No dilution effect due to net loss for the years ended December 31, 2017 and 2016.

Related parties transactions

A related party is generally defined as (i) any person that holds 10% or more of the Group's securities and their immediate families, (ii) the Group's management, (iii) someone that directly or indirectly controls, is controlled by or is under common control with the Group, or (iv) anyone who can significantly influence the financial and operating decisions of the Group. A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties.

Commitments and contingencies

Liabilities for loss contingencies arising from claims, assessments, litigation, fines and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated.

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recently issued accounting pronouncements

FASB Clarifies the Definition of a Business. The FASB has issued Accounting Standards Update No. 2017-01, *Business Combinations (Topic 805): Clarifying the Definition of a Business*, clarifying the definition of a business. The amendments affect all companies and other reporting organizations that must determine whether they have acquired or sold a business.

The definition of a business affects many areas of accounting including acquisitions, disposals, goodwill, and consolidation. The amendments are intended to help companies and other organizations evaluate whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. The amendments provide a more robust framework to use in determining when a set of assets and activities is a business. They also provide more consistency in applying the guidance, reduce the costs of application, and make the definition of a business more operable.

For public companies, the amendments are effective for annual periods beginning after December 15, 2017, including interim periods within those periods. For all other companies and organizations, the amendments are effective for annual periods beginning after December 15, 2018, and interim periods within annual periods beginning after December 15, 2019.

The FASB has issued Accounting Standards Update No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960); Defined Contribution Pension Plans (Topic 962); Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting*. The amendments relate primarily to the reporting by an employee benefit plan (a plan) for its interest in a master trust. A master trust is a trust for which a regulated financial institution (bank, trust company, or similar financial institution that is regulated, supervised, and subject to periodic examination by a state or federal agency) serves as a trustee or custodian and in which assets of more than one plan sponsored by a single employer or by a group of employers under common control are held.

The amendments are effective for fiscal years beginning after December 15, 2018. Early adoption is permitted. The amendments should be applied retrospectively to each period for which financial statements are presented. The amendments apply to reporting entities within the scope of Topic 960, *Plan Accounting - Defined Benefit Pension Plans*, Topic 962, *Plan Accounting - Defined Contribution Pension Plans*, or Topic 965, *Plan Accounting - Health and Welfare Benefit Plans*.

Under Topic 960, investments in master trusts are presented in a single line item in the statement of net assets available for benefits. Similar guidance is not provided in Topic 962 or 965, which has resulted in diversity in practice. For each master trust in which a plan holds an interest, the amendments require a plan's interest in that master trust and any change in that interest to be presented in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively.

Topics 960 and 962 require plans to disclose their percentage interest in the master trust and a list of the investments held by the master trust, presented by general type, within the plan's financial statements. The amendments remove the requirement to disclose the percentage interest in the master trust for plans with divided interests and require that all plans disclose the dollar amount of their interest in each of those general types of investments.

Current U.S. GAAP does not require disclosure by plans of the master trust's other assets and liabilities. Examples of those balances include amounts due from brokers for securities sold, amounts due to brokers for securities purchased, accrued interest and dividends, and accrued expenses. The amendments require all plans to disclose: (a) their master trust's other asset and liability balances; and (b) the dollar amount of the plan's interest in each of those balances.

Lastly, investment disclosures (e.g., those required by Topics 815 and 820) relating to 401(h) account assets are generally provided in both the defined benefit pension plan financial statements and the health and welfare benefit plan financial statements. Stakeholders noted that the disclosures are redundant. The amendments remove that redundancy and do not require that the investment disclosures relating to the 401(h) account assets be provided in the health and welfare benefit plan's financial statements. The amendments will require the health and welfare benefit plan to disclose the name of the defined benefit pension plan in which those investment disclosures are provided, so that participants can easily access those statements for information about the 401(h) account assets, if needed.

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recently issued accounting pronouncements (continued)

The FASB has issued Accounting Standards Update (ASU) No. 2017-07, *Compensation — Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost*. The amendments apply to all employers, including not-for-profit entities, that offer to their employees defined benefit pension plans, other postretirement benefit plans, or other types of benefits accounted for under Topic 715, *Compensation — Retirement Benefits*.

The amendments require that an employer report the service cost component in the same line item or items as other compensation costs arising from services rendered by the pertinent employees during the period. The other components of net benefit cost are required to be presented in the income statement separately from the service cost component and outside a subtotal of income from operations, if one is presented. If a separate line item or items are used to present the other components of net benefit cost, that line item or items must be appropriately described. If a separate line item or items are not used, the line item or items used in the income statement to present the other components of net benefit cost must be disclosed.

The amendments also allow only the service cost component to be eligible for capitalization when applicable (e.g., as a cost of internally manufactured inventory or a self-constructed asset).

The amendments are effective for public business entities for annual periods beginning after December 15, 2017, including interim periods within those annual periods. For other entities, the amendments are effective for annual periods beginning after December 15, 2018, and interim periods within annual periods beginning after December 15, 2019. Early adoption is permitted as of the beginning of an annual period for which financial statements (interim or annual) have not been issued or made available for issuance.

The FASB has issued Accounting Standards Update (ASU) No. 2017-09, *Compensation—Stock Compensation (Topic 718) — Scope of Modification Accounting*. ASU 2017-09 applies to entities that change the terms or conditions of a share-based payment award.

The FASB adopted ASU 2017-09 to provide clarity and reduce diversity in practice as well as cost and complexity when applying the guidance in Topic 718, *Compensation—Stock Compensation*, to the modification of the terms and conditions of a share-based payment award.

Diversity in practice has arisen in part because some entities apply modification accounting under Topic 718 for modifications to terms and conditions that they consider substantive, but do not when they conclude that particular modifications are not substantive. Others apply modification accounting for any change to an award, except for changes that they consider purely administrative in nature. Still others apply modification accounting when a change to an award changes the fair value, the vesting, or the classification of the award. In practice, it appears that the evaluation of a change in fair value, vesting, or classification may be used to evaluate whether a change is substantive.

Although the Master Glossary of the FASB Accounting Standards Codification™ currently defines the term modification as “a change in any of the terms or conditions of a share-based payment award,” Topic 718 does not contain guidance on what changes are substantive or purely administrative.

The amendments in ASU 2017-09 include guidance on determining which changes to the terms and conditions of share-based payment awards require an entity to apply modification accounting under Topic 718.

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recently issued accounting pronouncements (continued)

These amendments require the entity to account for the effects of a modification unless all of the following conditions are met:

- The fair value (or calculated value or intrinsic value, if such an alternative measurement method is used) of the modified award is the same as the fair value (or value using an alternative measurement method) of the original award immediately before the original award is modified. If the modification does not affect any of the inputs to the valuation technique that the entity uses to value the award, the entity is not required to estimate the value immediately before and after the modification;
- The vesting conditions of the modified award are the same as the vesting conditions of the original award immediately before the original award is modified; and
- The classification of the modified award as an equity instrument or a liability instrument is the same as the classification of the original award immediately before the original award is modified.

The amendments are effective for all entities for annual periods, and interim periods within those annual periods, beginning after December 15, 2017.

Early adoption is permitted, including adoption in any interim period for: (a) public business entities for reporting periods for which financial statements have not yet been issued, and (b) all other entities for reporting periods for which financial statements have not yet been made available for issuance. The amendments should be applied prospectively to an award modified on or after the adoption date.

The FASB has issued Accounting Standards Update (ASU) No. 2017-13. This ASU adds, amends, and supersedes SEC paragraphs of the Accounting Standards Codification (ASC) related to the adoption and transition provisions of ASU No. 2014-09, *Revenue From Contracts with Customers* and ASU 2016-02, *Leases*, for public business entities. The ASU is titled ASU No. 2017-13, *Revenue Recognition (Topic 605), Revenue from Contracts with Customers (Topic 606), Leases (Topic 840), and Leases (Topic 842): Amendments to SEC Paragraphs Pursuant to the Staff Announcement at the July 20, 2017 EITF Meeting and Rescission of Prior SEC Staff Announcements and Observer Comments*.

ASU 2017-13 codifies portions of an SEC Staff Announcement made at the July 20, 2017 Emerging Issues Task Force (EITF) meeting essentially delaying the effective date of the revenue recognition and leases standards for a subset of public entities. The SEC Observer made the following SEC Staff Announcement, "Transition Related to Accounting Standards Updates No. 2014-09 and 2016-02," at the July 20, 2017 EITF meeting:

The SEC staff would not object to a public business entity that otherwise would not meet the definition of a public business entity except for a requirement to include or the inclusion of its financial statements or financial information in another entity's filing with the SEC adopting (1) ASC Topic 606, *Revenue from Contracts with Customers* for annual reporting periods beginning after December 15, 2018, and interim reporting periods within annual reporting periods beginning after December 15, 2019, and (2) ASC Topic 842, *Leases* for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020.

A public business entity that otherwise would not meet the definition of a public business entity except for a requirement to include or the inclusion of its financial statements or financial information in another entity's filing with the SEC may still elect to adopt ASC Topic 606 and ASC Topic 842 according to the public business entity effective dates.

This announcement is applicable only to public business entities that otherwise would not meet the definition of a public business entity except for a requirement to include or the inclusion of its financial statements or financial information in another entity's filing with the SEC. This announcement is not applicable to other public business entities.

The Company has considered all new accounting pronouncements and has concluded that there are no new pronouncements that may have a material impact on results of operations, financial condition, or cash flows, based on current information.

NOTE 6. INCOME TAXES

The Company and its subsidiaries file separate income tax returns

The Company and one subsidiary are incorporated in the United States, and are subject to United States federal and state income taxes. The Company did not generate taxable income in the United States in 2017 and 2016.

Two subsidiaries are incorporated in Hong Kong, and are subject to Hong Kong Profits Tax at 16.5% for the twelve months ended December 31, 2017 and 2016. Provision for Hong Kong profits tax has not been made for the year presented as the subsidiaries have no assessable profits during the year.

One subsidiary is incorporated in PRC, and is subject to PRC Income Tax at 25% for the twelve months ended December 31, 2017. Provision for PRC Income Tax has not been made for the year presented as the subsidiary has no assessable profits during the year.

Deferred taxes are determined based on the temporary differences between the financial statement and income tax bases of assets and liabilities as measured by the enacted tax rates which will be in effect when these differences reverse. For the year ended December 31, 2017 and 2016, the Group has tax loss carrying-forwards, which does not recognize deferred tax assets as it is not probable that future taxable profits against which the losses can be utilized will be available in the relevant tax jurisdiction and entity.

The Company did not have U.S. taxable income due to operating in Hong Kong SAR and PRC. The Company did not file the U.S. federal income tax returns. The Company did not have uncertainty tax positions or events leading to uncertainty tax position within the next 12 months. No Hong Kong Corporations Profits Tax Return filings are subject to Hong Kong Inland Revenue Department examination.

NOTE 10. STOCK OPTIONS

The Group has stock option plans that allow it to grant options to its key employees. During the year ended December 31, 2017 and 2016, the Company did not issue any stock options and there were no stock options being issued or outstanding.

NOTE 11. PENSION PLANS

In 2017, the Group participates in a defined contribution pension scheme under the Mandatory Provident Fund Schemes Ordinance ("MPF Scheme") for all its eligible employees in Hong Kong.

The MPF Scheme is available to all employees aged 18 to 64 with at least 60 days of service in the employment in Hong Kong. Contributions are made by the Group's subsidiary operating in Hong Kong at 5% of the participants' relevant income with a ceiling of HK\$30,000. The participants are entitled to 100% of the Group's contributions together with accrued returns irrespective of their length of service with the Group, but the benefits are required by law to be preserved until the retirement age of 65. The only obligation of the Group with respect to MPF Scheme is to make the required contributions under the plan.

In the year ended December 31, 2017, the assets of the schemes are controlled by trustees and held separately from those of the Group. In 2017, no assets are allocated to pension. Total pension cost was \$Nil during year ended December 31, 2017 (2016: \$Nil).

NOTE 12. FAIR VALUE MEASUREMENTS

The Group adopted FASB ASC 820, Fair Value Measurements and Disclosures ("ASC 820"), related to the Group's financial assets and liabilities. ASC 820 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles and expands disclosures about fair value measurements. ASC 820 defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also describes three levels of inputs that may be used to measure fair value:

Level 1 — quoted prices in active markets for identical assets and liabilities.

Level 2 — observable inputs other than quoted prices in active markets for identical assets and liabilities.

Level 3 — unobservable inputs in which there is little or no market data available, which require the reporting entity to develop its own assumptions.

ASC 820 also provides guidance for determining the fair value of a financial asset when the market for that asset is not active, and for determining fair value when the volume and level of activity for an asset or liability have significantly decreased and includes guidance on identifying circumstances that indicate when a transaction is not orderly.

NOTE 12. FAIR VALUE MEASUREMENTS (CONTINUED)

The effective date for certain aspects of ASC 820 was deferred and is currently being evaluated by the Group. Areas impacted by the deferral relate to nonfinancial assets and liabilities that are measured at fair value, but are recognized or disclosed at fair value on a nonrecurring basis. The effects of these remaining aspects of ASC 820 are to be applied by the Group to fair value measurements prospectively beginning November 1, 2010. The adoption of the remaining aspects of ASC 820 is not expected to have a material impact on its financial condition or results of operations.

The following table details the fair value measurements of assets and liabilities within the three levels of the fair value hierarchy at December 31, 2017 and 2016:

	Fair Value Measurements at reporting date using:			
	December 31, 2017	Quoted Price in active Markets for identical assets (level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
