**PROPOSAL TO APPROVE A PLAN OF RECAPITALIZATION AND TO AMEND THE COMPANY'S ARTICLES OF INCORPORATION TO
PROVIDE
FOR A REVERSE STOCK SPLIT**

INTRODUCTION

The Board of Directors of the Company has unanimously approved a proposal to amend the Company's Articles of Incorporation to effect a plan of recapitalization that provides for a one-for-fifty (1-for-50) reverse stock split of our common stock, subject to the approval of such action by the shareholders. Pursuant to written resolutions, the shareholders of the Company voted to approve the proposal to authorize the reverse split. We are now notifying you and the other shareholders that did not participate in the action of the majority of the shareholders. The reverse stock split will take effect, after we file a Certificate of Amendment to the Articles of Incorporation with the Secretary of State of the State of Nevada.

We expect that the Certificate of Amendment will be filed promptly after your receipt of this Information Statement. However, our board of directors may elect not to file, or to delay the filing of, the Certificate of Amendment if they determine that filing the Certificate of Amendment would not be in the best interest of our shareholders.

Under the plan of recapitalization and reverse stock split, each fifty (50) shares of the Company's outstanding common stock on the effective date (the "Old Common Stock") of the reverse stock split (the "Effective Date") will be automatically changed into and will become one share of the Company's New Common Stock (the "New Common Stock"). Any resulting fractional shares will not be issued. Shareholders entitled to receive a fractional share as a result of the reverse split will instead receive from the Company a whole share of common stock. The reverse stock split will not change the current per share par value of the Company's common stock nor change the current number of authorized shares of common stock. The effective date of the reverse stock split will be the date the articles of amendment are accepted for filing by the Nevada Secretary of State.

REASONS FOR THE REVERSE STOCK SPLIT

The Board of Directors has reviewed the Company's current business and financial performance. The Board then determined that a reverse stock split was desirable in order to attempt to achieve the following benefits, each of which is described below in more detail:

- encourage greater investor interest in the Company's common stock by making the stock price more attractive to the many investors who refrain from investing in lower-priced stocks; and
- reduce trading fees and commissions incurred by shareholders, since these costs are based to some extent on the number of shares traded.

The number of shares reserved for issuance under the Company's existing stock option plans and employee stock purchase plan, if any, will be reduced to one-fiftieth ($1/50^{\text{th}}$) the number of shares currently included in the plans.

ENCOURAGE GREATER INVESTOR INTEREST IN THE COMPANY'S COMMON STOCK

The Board of Directors believes that the reverse stock split will encourage greater interest in the Company's common stock by the investment community. The Board of Directors believes that the current market price of the Company's common stock may impair its acceptability to institutional investors, professional investors and other members of the investing public. Many institutional and other investors look upon stocks trading at low prices as unduly speculative in nature and, as a matter of policy, avoid investing in such stocks. Further, various brokerage house policies and practices tend to discourage individual brokers from dealing in low-priced stocks. If effected, the reverse stock split would reduce the number of outstanding shares of the Company's common stock, and the Board of Directors anticipates that the trading price of the common stock would increase. The Board of Directors believes that raising the trading price of the Company's common stock will increase the attractiveness of the common stock to the investment community and possibly promote greater liquidity for the Company's existing shareholders.

Even though a reverse stock split, by itself, does not impact a company's assets or prospects, a reverse stock split could result in a decrease in our aggregate market capitalization. Our board of directors, however, believes that this risk is offset by the prospect that the reverse stock split will improve the trading price of its common stock. There can be no assurance, however, that the reverse stock split will succeed in raising the bid price of our common stock, or that a bid price increase, if achieved, would be maintained.

Our common stock is currently registered under Section 12 of the Exchange Act, and as a result, we are subject to the periodic reporting and other requirements of the Exchange Act. The reverse stock split will not affect the registration of our common stock under the Exchange Act and we have no present intention of terminating its registration under the Exchange Act in order to become a private company.

The reverse split will not materially affect the proportionate equity interest in the Company of any current shareholder or the relative rights, preferences, privileges or priorities of any such shareholder. The Company's business, management (including all directors and officers), the location of its offices, assets, liabilities and net worth (other than the cost of the reverse split, which are immaterial) will remain the same after the reverse split. The reverse stock split will have the effect of creating additional authorized and unissued shares of our common stock. We have no current plans to issue these shares, however, these shares may be used by us for general corporate purposes in the future.

As of August 1, 2017, there were approximately 88 holders of record of the Company's existing common stock. The Company does not anticipate that the reverse split will cause the number of holders of record or the beneficial owners to change significantly. The reverse stock split may result in some shareholders owning odd lots of less than 100 shares of common stock. Brokerage commissions and other transaction costs in odd lots are generally somewhat higher than the costs of transactions in round-lots of even multiples of 100 shares.

The direct result of the reverse stock split will be that the approximately 73,821,503 shares of common stock outstanding on August 1, 2017 will become approximately 1,476,430 shares of common stock, and any other shares issued prior to the effectiveness of this proposal will be similarly adjusted. The common stock issued pursuant to the reverse split will be fully paid and non-assessable. All shares of the common stock issued will have the same voting rights and other rights as shares of the existing common stock. If the proposed amendment becomes effective, each option to purchase common stock, outstanding on the effective date, will be automatically adjusted so that the number of shares of common stock issuable upon their exercise shall be divided by fifty (50) (and corresponding adjustments will be made to the number of shares vested under each outstanding option and under the Company's option plans, if any) and the exercise price of each option shall be multiplied by fifty (50), subject to rounding. The result of this adjustment will be that the aggregate exercise price of such options required to be paid after the reverse split will be the same as that required prior to the reverse split and the proportionate ownership interest on exercise of such options will also remain the same.

REDUCE TRADING FEES AND COMMISSIONS INCURRED BY SHAREHOLDERS

Because broker commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current share price of the Company's common stock, in the absence of the reverse stock split, may continue to result in individual shareholders paying transaction costs (commissions, markups or markdowns) which are a higher percentage of their total share value than would be the case if the stock price was substantially higher. This factor may further limit the willingness of institutions to purchase the Company's common stock at its current market price.

The Company's Board of Directors also took into consideration a number of negative factors associated with reverse stock splits, including: the negative perception of reverse stock splits held by many investors, analysts and other stock market participants; the fact that the stock price of some companies that have recently effected reverse stock splits has subsequently declined back to pre-reverse stock split levels; and the costs associated with implementing the reverse stock split. The Board, however, determined that these negative factors were outweighed by the expected benefits described above.

There can be no assurance that the reverse stock split will result in the benefits described above. Specifically, there can be no assurance that the market price of the Company's common stock immediately after the effective date of the proposed reversed stock split would be maintained for any period of time or that such market price per share would approximate fifty times the market price of the Company's common stock before the reverse stock split. There can also be no assurance that the reverse stock split will not further adversely impact the market price of the Company's common stock. In addition, it is possible that the liquidity of the Company's common stock will be adversely affected by the reduced number of shares outstanding after the reverse stock split.

SHARE CERTIFICATES AND FRACTIONAL SHARES

The reverse split will occur on the filing of the Certificate of Amendment with the Nevada Secretary of State without any further action on the part of shareholders of the Company and without regard to the date or dates on which shares of existing common stock are actually surrendered by each holder thereof for shares of the New Common Stock that the shareholder is entitled to receive as a consequence of the reverse split. After the effective date of the amendment, the certificates representing shares of existing common stock will be deemed to represent one-fiftieth ($1/50^{\text{th}}$) of the number of shares of New Common Stock. As described more fully in the paragraph below under the heading Exchange of Stock shares of New Common Stock will be issued electronically to the account of each stockholder. Any certificates outstanding will be submitted for exchange to the transfer agent.

EXCHANGE OF STOCK

Following the delivery of this Information Statement we will instruct our corporate secretary and transfer agent to begin implementing the exchange to holders of outstanding common stock. As soon as practicable after the effectiveness of the proposed amendment, holders of our common stock will be notified, and/or transfer agent will electronically exchange the shares in the accounts of shareholders to New Common Stock. Beginning on the date the proposed amendment becomes effective, each certificate representing shares of our Old Common Stock will be deemed for all corporate purposes to evidence ownership of as many shares of New Common Stock after applying the split and otherwise making adjustments for fractional shares described below. Until surrendered to the Transfer Agent, certificates for Old Common Stock retained by shareholders will be deemed for all purposes including voting and payment of dividends, if any, to represent the number of whole shares of New Common Stock to which its shareholders are entitled as a result of the reverse split.

Most of our shares are held in electronic form at various broker dealers. Shareholders who hold physical certificates, if any, should not send their old certificates to the transfer agent until after the effective date. Shares of Old Common Stock surrendered after the effective date will be replaced by certificates representing shares of New Common Stock as soon as practicable after the surrender. No service charge will be paid by existing shareholders for the exchange of the shares and the Company will pay all expenses of the exchange and issuance of new shares.

FRACTIONAL SHARES

No fractional shares of common stock will be issued as a result of the reverse stock split. In lieu of receiving fractional shares, all such fractions shall be rounded up so that you will receive one whole share for each fractional share to which you would otherwise be entitled.

FEDERAL INCOME TAX CONSEQUENCES OF THE REVERSE SPLIT

The following description of the material federal income tax consequences of the reverse stock split is based upon the Internal Revenue Code, the applicable Treasury Regulations promulgated thereunder, judicial authority and current administrative rulings and practices all as in effect on the date of this information statement. Changes to these laws could alter the tax consequences described below, possibly with retroactive effect. The Company has not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service regarding the federal income tax consequences of the reverse stock split. This discussion is for general information only and does not discuss consequences which may apply to special classes of taxpayers (for example, foreign persons, dealers in securities, tax-exempt organizations, broker-dealers or insurance companies) and does not discuss the tax consequences under the laws of any foreign, state or local jurisdictions. Shareholders are urged to consult their own tax advisors to determine the particular tax consequences to them.

The Company believes that because the reverse stock split is not part of a plan to increase any shareholder's proportionate interest in the Company's assets or earnings and profits, the reverse stock split will likely have the following federal income tax effects: Shareholders who receive New Common Stock solely in exchange for their Old Common Stock will not recognize gain or loss on the exchange. Consequently, the holding period of shares of New Common Stock will include your holding period for the shares of Old Common Stock, provided that the shares of common stock are held by you as a capital asset at the time of the exchange. In addition, your aggregate basis in the New Common Stock will be the same as your aggregate basis of the shares of the Old Common Stock.

YOU SHOULD CONSULT WITH YOUR OWN TAX ADVISOR ABOUT THE TAX CONSEQUENCES OF THE REVERSE SPLIT IN LIGHT OF YOUR PARTICULAR CIRCUMSTANCES, INCLUDING THE APPLICATION OF ANY STATE, LOCAL OR FOREIGN TAX LAW.

NO DISSENTER'S RIGHTS

Under Nevada law, you are not entitled to dissenter's rights or rights of appraisal with respect to the amendment of the articles of incorporation and the reverse stock split.

AMENDMENT TO THE ARTICLES OF INCORPORATION

The Reverse Stock Split Amendment will amend the Company's Articles of Incorporation to add a new paragraph. At the effective date, without further action on the part of the Company or the holders, each share of the common stock will be converted into one-fiftieth (1/50th) of a share of common stock. The Reverse Split Amendment will be filed with the Secretary of State of Nevada and will become effective on the date of the filing.

RECOMMENDATION OF THE BOARD OF DIRECTORS

For the above reasons, we believe that the reverse stock split is in the Company's best interest and in the best interests of our shareholders. There can be no guarantee, however, that the market price of our common stock after the reverse stock split will be equal to the market price before the reverse stock split multiplied by the split number, or that the market price following the reverse stock split will either exceed or remain in excess of the current market price.

There are no family relationships between any of our directors and executive officers. There have been no events under any bankruptcy act, no criminal proceedings and no judgments, orders or decrees material to the evaluation of the ability and integrity of any director or executive officer of the Company during the past five years.

Involvement in Certain Legal Proceedings

There have been no events under any bankruptcy act, no criminal proceedings and no judgments, orders or decrees material to the evaluation of the ability and integrity of any director or executive officer of the Company during the past five years.

Code of Business Conduct and Ethics

Our board of directors adopted an informal Code of Business Conduct and Ethics that applies to, all our officers, directors, employees and agents. Certain provisions of the Code apply specifically to our president and secretary (being our principle executive officer, principle financial officer and principle accounting officer, controller), as well as persons performing similar functions. As adopted, our Code of Business Conduct and Ethics sets forth written standards that are designed to deter wrongdoing and to promote the following:

1. Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
2. Full, fair, accurate, timely, and understandable disclosure in reports and documents that we file with, or submit to, the Securities and Exchange Commission and in other public communications made by us;
3. Compliance with applicable governmental laws, rules and regulations;
4. The prompt internal reporting of violations of the Code of Business Conduct and Ethics to an appropriate person identified in our Code of Business Conduct and Ethics; and
5. Accountability for adherence to the Code of Business Conduct and Ethics.

Our Code of Business Conduct and Ethics requires, among other things, that all of our Company's senior officers commit to timely, accurate and consistent disclosure of information; that they maintain confidential information; and that they act with honesty and integrity.

In addition, our Code of Business Conduct and Ethics emphasizes that all employees, and particularly senior officers, have a responsibility for maintaining financial integrity within our Company, consistent with generally accepted accounting principles, and federal and state securities laws. Any senior officer who becomes aware of any incidents involving financial or accounting manipulation or other irregularities, whether by witnessing the incident or being told of it, must report it to our management.

We will provide a copy of our code of ethics without charge to any person that requests it. Any such request should be made in writing to the attention of Sean Webster, Chief Executive Officer, ZZLL Information Technology, Inc., Room 1307, 13/F., Wellborne Commercial Centre, 8 Java Road, North Point, Hong Kong.

Committees of the Board of Directors

We do not presently have a separately designated standing audit committee, compensation committee, nominating committee, executive committee or any other committees of our Board of Directors. The functions of those committees are currently undertaken by our Board of Directors. Because we have only one Director, we believe that the creation of these committees, at this time, would be cumbersome and constitute more form over substance.

Audit Committee

We have not established a separately designated standing audit committee nor do we have an audit committee financial expert serving on our Board of Directors. However, the Company intends to establish a new audit committee of the Board of Directors that shall consist of independent Directors. The audit committee's duties will be to recommend to the Company's Board of Directors the engagement of an independent registered public accounting firm to audit the Company's financial statements and to review the Company's accounting and auditing principles. The audit committee will review the scope, timing and fees for the annual audit and the results of audit examinations performed by the internal auditors and independent registered public accounting firm, including their recommendations to improve the system of accounting and internal controls. The audit committee shall at all times be composed exclusively of Directors who are, in the opinion of the Company's Board of Directors, free from any relationship which would interfere with the exercise of independent judgment as a committee member and who possess an understanding of financial statements and generally accepted accounting principles.

Rule 4200(a)(15) of the NASDAQ's listing standards defines an "independent director" as a person other than an executive officer or employee of the company or any other individual having a relationship which, in the opinion of the issuer's board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The following persons shall not be considered independent:

- A director who is, or at any time during the past three years was, employed by the company;
- A director who accepted or who has a Family Member who accepted any compensation from the company in excess of \$120,000 during any period of twelve consecutive months within the three years preceding the determination of independence, other than the following: (i) compensation for board or board committee service; (ii) compensation paid to a Family Member who is an employee (other than as an executive officer) of the company; or (iii) benefits under a tax-qualified retirement plan, or non-discretionary compensation. Provided, however, that in addition to the requirements contained in this paragraph, audit committee members are also subject to additional, more stringent requirements under NASDAQ Rule 4350(d).
- A director who is a Family Member of an individual who is, or at any time during the past three years was, employed by the company as an executive officer;
- A director who is, or has a Family Member who is, a partner in, or a controlling stockholder or an executive officer of, any organization to which the company made, or from which the company received, payments for property or services in the current or any of the past three fiscal years that exceed five percent of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more, other than the following: (i) payments arising solely from investments in the company's securities; or (ii) payments under non-discretionary charitable contribution matching programs;
- A director of the issuer who is, or has a Family Member who is, employed as an executive officer of another entity where at any time during the past three years any of the executive officers of the issuer serve on the compensation committee of such other entity; or
- A director who is, or has a Family Member who is, a current partner of the Company's outside auditor, or was a partner or employee of ZZLL's outside auditor who worked on the Company's audit at any time during any of the past three years.

We hope to add qualified independent members of our board of directors at a later date, depending upon our ability to reach and maintain financial stability.

Code of Business Conduct

We have adopted a Code of Business Conduct, which applies to ZZLL and all of our subsidiaries, whereby we expect each employee to use sound judgment to help us maintain appropriate compliance procedures and to carry out our business in compliance with laws and high ethical standards. Each of our employees is expected to read our Code of Business Conduct and demonstrate personal commitment to the standards set forth in our Code of Business Conduct. Our officers and other supervising employees are expected to be leaders in demonstrating this personal commitment to the standards outlined in our Code of Business Conduct and recognizing indications of illegal or improper conduct. All employees are expected to report appropriately any indications of illegal or improper conduct. An employee who does not comply with the standards set forth in our Code of Business Conduct may be subject to discipline in light of the nature of the violation, including termination of employment.

Copies of our Corporate Governance Principles, our amended Code of Ethics for Senior Executive Officers and Senior Financial Officers, and our Code of Business Conduct have been previously filed with the Securities and Exchange Commission. In addition, we have posted copies of our Corporate Governance Principles, our amended Code of Ethics for Senior Executive Officers and Senior Financial Officers, and our Code of Business Conduct on our website at www.zzlliti.com. We will provide to any person without charge, upon request, a copy of our Corporate Governance Principles, our amended Code of Ethics for Senior Executive Officers and Senior Financial Officers, and our Code of Business Conduct. In addition, we intend to post on our website all disclosures that are required by law concerning any amendments to our Corporate Governance Principles, our amended Code of Ethics for Senior Executive Officers and Senior Financial Officers, and our Code of Business Conduct. Any request for review of such documents should be directed to Mr. Sean Webster, Room 1307, 13/F Wellborne Commercial Center, 8 Java Road, North Point, HGK, China or email him at Sean@zzlliti.com. Exhibit 99- Plan of Recapitalization

End of Filing

PLAN OF RECAPITALIZATION

On August ____, 2017 the Board of Directors of ZZLL Information Technology, Inc. (the “Company”) adopted a resolution declaring it to be in the best interest of the Company and its Shareholders to effectuate a 50-to-1 reverse split of the Company’s Common Stock. The Board of Directors hereby submits to the Shareholders of the Company (“Shareholders”) for their approval, the following Plan of Recapitalization:

1. **Amendment to Articles of Incorporation** Subject to approval by the Company’s Shareholders, and subject to the terms of Section 2 and Section 7 of this Plan of Recapitalization, the Company shall file Articles of Amendment (“Amendment”) with the Secretary of State of Nevada which shall amend the Corporation’s Articles of Incorporation which shall read as follows:

Reverse Split Simultaneously with the effective date of this Amendment (the “Effective Time”) each of fifty (50) shares of the Company’s Common Stock, par value \$.0001 per share, issued and outstanding immediately prior to the Effective Time (the “Old Common Stock”) shall automatically and without any action on the part of the holder thereof, be reclassified as and changed, pursuant to a reverse stock split (the “Reverse Split”), into one (1) share of the Company’s outstanding Common Stock (the “New Common Stock”), subject to the treatment of fractional share interests as described below. Each holder of shares which immediately prior to the Effective Time represented outstanding shares of Old Common Stock (“Old Shares,” whether one or more) shall be entitled to receive upon surrender of such Old Shares to the Company’s transfer agent for cancellation, New Common Stock or certificates representing the number of whole shares of the New Common Stock into and for which the shares of the Old Shares so surrendered are reclassified under the terms hereof. From and after the Effective Time, Old Shares shall thereupon be deemed for all corporate purposes to evidence ownership of New Common Stock in the appropriately reduced whole number of shares. No fractional shares or certificates of fractional shares interests in New Common Stock will be issued, and no cash payments will be made therefore. In lieu of any fraction of a share of New Common Stock to which the holder would otherwise be entitled, the holder will receive one (1) whole share of the Company’s New Common Stock. If more than one (1) Old Certificate shall be surrendered at one time for the account of the same Shareholder, the number of full shares of New Common Stock to be issued shall be computed on the basis of the aggregate number of Old Shares represented by the Old Certificates so surrendered. In the event that the Company’s transfer agent determines that a holder of Old Shares has not surrendered all of his Old Shares for exchange, the transfer agent shall carry forward any fractional share until all Old Shares of that holder have been presented for exchange such that consideration for fractional shares for any one person shall not exceed the value of one (1) share of New Common Stock. If any New Certificate is to be issued such certificates must be submitted to the Board of Directors for their approval, in their discretion. In addition, if shares of New Common Stock are to be issued in a name other than in the one in which the Old Shares were issued, the Old Shares so surrendered shall be properly endorsed and otherwise in proper form for transfer, and the stock transfer tax stamps, if any, shall be properly endorsed and otherwise in proper form for transfer, and the person or persons requesting such exchange shall affix any requisite stock or transfer tax stamps to the Old Shares surrendered, or provide funds for their purchase, or establish to the satisfaction of the transfer agent that such taxes are not payable. From and after the Effective Time, the amount of capital shall be represented by the shares of the New Common Stock into which and for which the shares of the Old Shares are reclassified, until thereafter reduced or increased in accordance with applicable law. All references elsewhere in the Articles of Incorporation, as amended, to the “Common Stock” shall, after the Effective Time, refer to the “New Common Stock.” The filing of the Amendment shall not cause any change in the number of shares of any series of Preferred Stock that are issued and outstanding at the time the Amendment is filed.

2. **Reverse Split** . Immediately upon the effective date of the Articles of Amendment (the “Effective Date”), each fifty (50) currently outstanding shares of the Company’s common stock (the “Old Common Stock”) shall be converted into one (1) post-Reverse Split fully paid and non-assessable share of the Company’s common stock (the “New Common Stock”).

3. **No Fractional Shares** . The Company shall issue one (1) share of New Common Stock for each fifty (50) shares of Old Common Stock outstanding, and shall not pay cash in lieu of any fraction of a share which any Shareholder would otherwise receive, but shall issue one (1) additional share of New Common Stock for such remainder fractional share. From and after the Effective Date, Old Common Stock shall be deemed to represent only the right to receive New Common Stock and one (1) additional share of New Common Stock in lieu of any fractional share New Common Stock to which an individual Shareholder would be entitled.

4. **Exchange of Old Certificates** As soon as practicable after the Effective Date, the Company shall notify its Shareholders and ask them to surrender their Old Common Stock to the Company’s transfer agent so that the appropriate number of shares of New Common Stock and one (1) additional share of New Common Stock in lieu of any fractional share, may be exchanged therefore. Until so surrendered, each fifty (50) outstanding shares of Old Common Stock shall be deemed for all corporate purposes to evidence the ownership of one (1) share of New Common Stock.

5. **Stock Option Plans** The number of shares issuable under the Company’s Stock Option Plan (collectively, the “Option Plans”) and the number of shares issuable upon the exercise of options outstanding at the time of the filing of the Articles of Amendment, shall be decreased in proportion to the one (1) for fifty (50) exchange ratio established by the Reverse Split, provided, however, that such outstanding options under the Option Plans shall be rounded to the nearest whole share and no cash payment shall be made in respect to any fractional shares, and the exercise price per share of such outstanding options shall be increased in proportion to such exchange ratio.

6. **No Effect** This Plan of Recapitalization shall have no effect on any other class of stock of the Company issued and outstanding, if any, or on the authorized common stock of the Company.

7. **Directors Abandon Plan** The Directors are authorized to abandon the Reverse Split set forth in this Plan of Recapitalization and Amendment at any time prior to the Effective Date, whether before or after approval of the Shareholders of the Corporation.

Authorized and accepted on the date first above written by the Board of Directors.

Sean Webster, President
